

HCCA Newsletter

Writer's column

For the first edition I am going to talk about my experience so far being a BOD member. It has been an interesting and enjoyable journey so far with the team.

What I have liked the most is the willingness of each one of them to initiate changes and take bold steps. On the way we do have strong a debate on topics; but the pleasing part

is that each one of us presents their perspective with clubs well being in mind.

The team has been great in pitching new ideas. You will hear a lot more about it in the current and coming newsletters.

Applause Please!

Kudos to **Jubayer Ahmed** for being nominated for the 'Ambassador of Cricket' award at the Central West Tournament 2010.

BOD would like to join in on the already pouring wishes J is receiving for his hard work and contribution to cricket Austin.

Congratulations J !

Highlights

- J gets nominated for ambassador of cricket award
- More practice, less injuries
- Look out for some colorful action

"I can now see." – Michael Gale

Please provide your feedback on the newsletter. Feel free to send in your snippets if you would like to have them featured in the future editions.

We Fixed It!

All improved practice area.

Enough was heard about the injuries and inconvenience caused to its members. One of the major tasks undertaken by BOD was to fix the practice area.

Not only was it fixed but the area is now developed even more with the extension of the concrete and carpeted area that ensures comfortable run up and injury free sessions.

BOD would like to thank **Sanjay Saxena** for coordinating and supervising the work with the contractors and doing as fantastic and clean job as his out swingers.

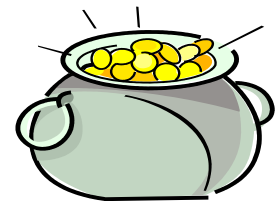

Earnings and savings for the rainy day

HCCA is registered as a nonprofit organization and is featured in the employer match list in many companies. BOD had requested its members to take advantage of this program.

The response was very satisfying and it has helped the club to make sure it has enough funds to run major operations and upgrade work. Would also like to highlight the fact that the transactions from the companies went through very fast and the settlements were done immediately with full account of the payer. BOD recognizes that with the benefit comes responsibility and is actively involved in planning out community events.

You will hear more about the events soon.

GO HCCA !!

The members will perform with flying colors!

The introduction of colored clothing was one of the most fun filled tasks undertaken by the BOD so far.

This has been possible only because of the generous contributions made by **Michael Gale** and we would like to thank him for that.

Although you haven't had the opportunity to play a colored clothing game so far, do look out for some action soon and make sure you participate

Setting records each day!

Doesn't it feel great to see all your statistics being available on the web and to adore your performances in the score sheets? Thanks to none other than the stats guru from our club - **Praveen Nuthulapati** who has been the man behind the pages. He is now accepting a beer to add a fifty in your account.

Play of the month:

I was at a net practice and Michael Gale was playing with his polished set of gear and new flashy shades. Mike, instead of his usual calm and defensive mode of batting was smashing the ball all over and above the nets.

On asking Mike what's up with the new found form, he replied saying " I can now *&^*ing see"... contributing his success to his new shades. This play of the month actually goes for all his efforts in the games where he kept wickets and scored those runs without seeina. ☺

Captain's Corner:
